Hi Emanuele,

Yes! Here I attached 3 files:

-- SED code "GalSed\_201412\_avec24\_diffAGN\_code.tar.gz" (Please see the quick command in README)

-- distances to MS "table\_of\_distances\_to\_MS.txt" (*MS\_1 is Sargent2014, MS\_2 is Schreiber2014*)

-- Latest catalog "RadioOwenMIPS24\_priors\_Jan05\_2015.txt"

Thank you for looking into these!

Best wishes!

Daizhong

Can you please send me the info on the distance from the MS and SB classification ? I want to look at SB galaxies and see for their AGN content

Thanks!

Emanuele
